A person or business not registered in North Carolina in the preceding year must pay \$720.00 to the Department, **prorated in accordance with the quarter of the year in which business began**. Submission of proof of business volume at the time of renewal will allow determination of the actual fee. The fee will be calculated at .052 cents per bedding units manufactured and sold in this State, manufactured outside of this State and sold in this State; and manufactured in this State but not sold in this State. If the initial payment is more than the amount of the fee, the Department will issue a refund. Please submit a letter of request when renewing your license. If the initial payment is less than the actual fee, the person or business will pay the difference. In any event, the State retains the right to request an outside audit and verification of your calculations. The audit will be completed at your expense.

To determine the estimated fee for the remainder of this calendar year, select the quarter that you began production or sales in North Carolina.
